

Colsac Skiers partnered with MindWorks Photography this year to create photos and videos of the Wednesday Adaptive Ski Lessons at Brittingham Park in Madison. These images - both still and moving - tell an amazing story of courage, growth and fun for the adaptive skiers and volunteers alike. Both Colsac Skiers and MindWorks Photography want the images to be available to the skiers, volunteers and supporters who made this wonderful summer happen. Today we're proud and happy to announce that it's a "done deal". Together we're sponsoring the gift of all the season's images as free downloads to you who made the season so rich. We hope that you enjoy these keepsakes of your time on the water. Smiles, confidence and joy abound when the stories of your summer are remembered, cherished and shared.
